From the Principal's Desk

Dear Parents and Pupils,

“Education is the most potent weapon to eradicate all types of social evils. The new academic session commenced on April 3rd and we welcome all new as well as our old students to this citadel of sublime learning. During the bygone academic session, we have achieved greater milestones. We had visitors from England who had an exuberant interaction with the fraternity of our school. Moreover, our school has been rated as the best school along with the best Principal awards. Congratulations to those talented scholars who have been recipients of Special Prefect badges for their excellence in academics. This year, we have included many activities in the school calendar to bring out the best in not only students but our staff also. I assure you all that I would personally ensure that Little Scholars lives up to your expectations.

So, Happy Reading!
S. K. Singh (Principal)

From the Manager's Desk

Dear Readers,

‘Education is not only assimilating bookish knowledge, but the all round development of every individual associated with this noble task.’

We do not waste any opportunity to inculcate virtues in our students. We have the best infrastructure to provide an ample platform for co-curricular and extra-curricular activities throughout the session. Our children have always excelled in all fields of human endeavour. Kids enter the portals of our school and we mould them into worthy citizens of tomorrow. Henceforth, we shall also cater to the needs of tiny tots as we have opened a preparatory school, Little Millennium at Avas Vikas in Kashipur. Looking forward to your positive response.
