

ADAPTING NEW EDUCATION SYSTEM

FROM THE PRINCIPAL'S DESK

Dear Parents, Students & Friends,

Dear Parents and Students,

"Education is the most potent weapon to fight all types of evils prevalent in our society."

During these testing times of the onslaught of the pandemic, I have a stout conviction that our self-realization of the imminent threat is certainly the key to our survival, Let wisdom prevail among the fraternity of our institution. Let's take a solemn pledge at this crucial juncture, to adhere to the SOPs of COVID-19 ☹️ and continue to strive, in earnest, to redeem ourselves. On behalf of the entire Little Scholars' fraternity, I welcome you back to school with an assurance that we will do everything possible to sail safely and boldly through the turbulent times.

With that, happy reading!
Remain safe and healthy!

Subodh Kumar Singh
(PRINCIPAL)

FROM THE EDITOR'S DESK

Dear Colleagues & Well-wishers,

"When the going gets tough, the tough gets going."

Welcome to the new academic session 2021-22. The entire human race is facing unprecedented hostility (adversity) due to man's (never ending) greed more and more. According to the greatest apostle of universal accord and harmony, Mahatma Gandhi, "There's enough for everyone's need, but not for everyone's greed."

Children are the future of any nation and their education is the key to the future. As a parent myself, I ardently believe and uphold that we all have to join hands to ensure that our kids receive the best of everything. We, at Little Scholars, are trying our best, despite all odds, to provide quality education to our children. At the moment, a lot of emphasis is being given to academics in such a way that our kids get ample space to expose (explore) and optimize their intrinsic potential. We are very optimistic that our esteemed parents and guardians will co-operate with us in our untiring efforts. Enjoy reading and sharing your experience with us!

NOTHING SUCCEEDS LIKE SUCCESS-- SO MAKE IT A HABIT

In a sterling performance of planning, preparation, perseverance and perspiration, Vansh Narula of Class 8 clinched 1st position in the coveted Hindustan Olympiads 2021 in Uttarakhand. The entire Little Scholars' fraternity congratulates the budding youngster on his great achievement and also wishes Vansh, spectacular success in his future endeavors.

We anticipate many more accolades from the talented scholar.

Online Parents' Orientation Programme

Dear parent/guardian,

As you are aware, we are facing the second, and more devastating, wave of the COVID-19 pandemic, which is expected to involve many more lockdowns and restrictions. There would be times when we would be shuffling between online and offline mode of learning. In this regard we, at Little Scholars, have always been a step ahead and will continue to do so.

The media/social media plays a vital role in the dissemination of information, specially, with respect to the latest government guidelines and orders, which, on one hand, is good to keep us updated but, at times this information, specially coming from unconfirmed social media platforms may be factually incorrect/ Misinterpreted or conjectures based on hearsay. To avoid any miscommunication, we would like to keep you updated with the working of the school and the latest Government Orders (G.O.) issued to us from time to time.

Some of the frequently asked questions by guardians lately are as under

1. Will the school run in online mode all year round?

Ans: As per the latest G.O., classes shall be conducted in online mode till further orders. Fresh guidelines/instruction regarding the same are likely to be issued around the 3rd of May 2021.

2. The state secretary states that students shall be charged only tuition fees?

Ans: The orders regarding tuition fees has been issued on the 25th of April 2021, prior to which the school was instructed to charge complete fees as per offline classes

(Classes 6 to 10 & 12) as all facilities were being made available.

So, since bills are generated monthly, students have been charged complete fees for the month of April where offline classes were conducted, whereas for the month of May and beyond, they would be charged only tuition fee (or as per the instructions from the Government). The ERP is an added resource important for our communication, attendance, online payment gateway, progress report, etc.

3. What is the billing cycle and will we face penalty?

Ans: Billing cycle shall be monthly through the pandemic and **we shall not be charging** any penalty for late fees. However, we do request all the parents to pay the due amount in time to facilitate the timely payment of salaries.

4. How do we know the progress of our ward?

Ans: In the VISION 2021-22 (current year), two major changes have been incorporated for the benefit of our students.

- a. Creating a Digital Footprint of each student to asses and promote learning and overall development.
- b. Hybrid System of pedagogy through Experiential Learning to cater to the Skills Outlook for the future.

We, at Little Scholars would like to assure you that we will ensure the best possible growth for your ward. We would also like to clarify that, although there will be no unjustified expenses charged, nonetheless, if there are any discrepancies found, the same shall be reimbursed at the earliest.
