#### FROM THE PRINCIPAL'S DESK

Dear Parents, Students & Friends,

### Dear Parents and Students,

"If you have great talents, industry will improve them. If you have but moderate abilities, industry will supply their deficiency."

Happy and healthy new year to everyone. May the year ahead brings loads of good luck, prosperity and fortune to all of you. I am quite optimistic that you all must have utilized the winter break to revitalize and replenish your enthusiasm for the last phase of the academic session. The silver lining is that now vaccine is available for the scourge and let's keep our fingers crossed for the schools to resume routine studies. I would like to acquaint our readers to put in more efforts during the upcoming months prior to the final exams. Remember, time and tide wait for none. So, pull up your socks and get down to some serious studies. Success comes to those who plan, persevere and perspire in the realization of their ambition.

With that, happy reading! Remain safe and healthy!

Subodh Kumar Singh (PRINCIPAL)

Dear Colleagues & Well-wishers,

"Knowledge is like a deep well fed by perennial springs, and your mind is the little bucket that you drop into it; you will get as much as you can assimilate."

Welcome back after the winter vacations. Since the last supplement of Scholar Times, a lot has changed. Evolution is the law of Nature as stagnation implies decay and death. Weeds develop in static water. Don't let this happen in your life. Strive to evolve everyday. Become a better person every moment of your life. Look at brighter side of things. Don't let adversity dampen your spirit. "If you have knowledge, let others light their candles with it". The remaining few weeks of this academic session must be productively utilized for the optimum exposure of your intrinsic potential.

Enjoy reading and sharing your experience with us! **Amit Nautiyal Editor**

### \*\*SOMETHING TO KNOW\*\*

#### I don't have crow's feet,

I have happy memories of laughing with friends until the tears flowed.

#### I don't have frown lines,

I have the marks of my frustration and confusion - which I battled through - smiling in the end.

#### I am not going grey,

I have shimmering highlights of wisdom, dashed throughout my hair.

#### I don't have scars,

I have symbols of the strength I was able to find, when life got tough.

#### I don't have stretch marks,

I have the marks of growth and the marks of motherhood. My tiger stripes of love.

#### I am not fat,

I bear the evidence of a life filled with abundance, blessings and good times.

#### I am not just forgetful,

I have a mind so full of stories, memories and moments there is scarce room to hold much else.

#### I am not old,

I am blessed - with a life of great length something not everyone can say.

"Don't change the way you look my friend; change the way you see."

~Donna Ashworth

What is the difference between hoisting the flag on 15th August Independence Day and 26th January Republic Day?

August 15, On Independence Day, the flag is carried up and down by a rope and then the flag is hoisted. This is called 'Flag Hoisting'. On Independence Day, 15th August, the Prime Minister of the country hoists the flag from the Red Fort because the Constitution of India was not implemented on Independence Day and the President did not take office. On this day, the Prime Minister gives his message to the people of India.

**January 26,** On Republic Day, the flag is tied at the top and then hoisted by a rope. This is called **flag unfurling**. As the Indian Constitution came into force on this day, the President hoists the flag at Rajpath on this day.

Who fought for the country, sacrificed their lives

Let's remember them, inspire their thoughts!

Happy Republic Day!!

Jai Hind!!!
