From the Principal's Desk

Dear Parents and Pupils,

'One machine can do the work of fifty ordinary men. No machine can do the work of just one extra-ordinary man'. Elbert Hubbard

Since the previous supplement of the Scholae Times, a lot has taken place at the academic and non-academic front. During the intervening three months or so, we have successfully conducted the 1st term examinations at the appointed schedule. On October 2nd, two functions were organised, a conclave on 'Clear Water Revival' in the auditorium in the morning; and again a symposium at the Bliss on the same social theme. Both these events have been appreciated and applauded by one and all. The Annual Day function as well as the Annual Sports Meet were equally emphatic. Our scholars have proven their intrinsic potential in the state and national level swimming championships against formidable opponents. Likewise, be it basketball, football, etc., we have brushed aside all competition. Having garnered success in co and extra-curricular activities, now, we are concentrating on the board classes specifically, above average and weak students.

I am quite optimistic that our students are pulling up their socks to excel in the forthcoming 1st pre-board exams.

With best of luck to everyone!

THE EDITORIAL

Dear Readers,

Please accept my sincere apologies for the delay in the printing of this issue. This supplement covers various aspects of the school almanac during the last quarter. We have tried our best to publish glorious moments of diverse activities on and off the field. Due to certain restrictions of time and space, it's next to impossible to include and publish every minute detail. During the last three months or so, we have attained a lot and it's my utmost obligation to showcase some of these dazzling moments with you all. So, without much ado and monotonous editorial, let me quote-

Hearts, like doors, will open with ease
To very very little keys
And don't forget that two of these
Are 'I thank you' and 'if you please'.

Clear Water Revival---- Sustainable management of our Water Resources

On the occasion of Gandhi Jayanti, this year, our school hosted a conclave in the auditorium. Sixteen public schools sent their delegates to participate in the event. The itinerary comprised of a power point presentation, an exhibition and an on- the- spot arts competition.

On the same day, i. e., October 2nd, in the evening, a symposium was organised at The Bliss on Ramnagar Road. This mega event was held under the aegis of the Little Scholars Social Service Group, SETU- Social Enterprise Towards Unified Understanding & Understanding. It's an attempt to alleviate the distress of those who are relenting endlessly under the impact of Global Water Crisis. The evening boasted of stalwarts and experts from all walks of life. The key resource persons, Vasudevan R Kadalayil, Saurabh Popli and Amit Chawla addressed the gathering with such penache' and conviction that the audience soon found voice for a lively talk show. Even our own Social Service Group proposed an action plan to revive and sustain the Dronasagar Lake in Kashipur.

RETRO-Reviving Entertainment Through Reincarnating Odyssey

On November 7th, our school organized the Annual Day function in the auditorium from 4pm onwards. It was inaugurated by the Director of Jim Corbett National Park by lighting the sacred lamp. In his welcome address, the Principal, Mr. S K Singh, expressed his joy. Dignitaries, distinguished guests, heads of schools & organisations and parents were cordially invited to witness the cultural fiesta. Some of the unforgettable moments are
